Re: Gas Transmission Northwest LLC
Notification to Effectuate Tariff Records
Docket No. RP15-1294-____

Dear Ms. Bose:

On September 25, 2015, in Docket No. RP15-1294-000, Gas Transmission Northwest LLC (“GTN”) filed tariff records¹ to its FERC Gas Tariff, Fourth Revised Volume No.1-A (“Tariff”), containing a negotiated rate and non-conforming transportation agreement with Portland General Electric Company for the Carty Lateral Project, in accordance with the Commission’s March 14, 2013, Order Issuing Certificate in Docket No. CP12-494-000 (“September 25 Filing”). In its September 25 Filing, GTN stated that it expected to place the Carty Lateral facilities into service on or about October 31, 2015, and requested that the Commission accept the revised tariff records to become effective on the date the facilities are placed in service. For administrative ease, the revised tariff records reflected an effective date of December 31, 9998, consistent with the FERC’s Implementation Guide for Electronic Tariff Filings.² GTN stated that it would provide notification to the Commission of the actual in-service date, which would be the effective date for the revised tariff records. On October 23, 2015, the Commission issued an order accepting the September 25 Filing and requiring that GTN submit this informational filing via eTariff when GTN submits its notice of in-service in compliance with section 154.4.20(c)(2) of the regulations.³

¹ Specifically, Part 1 – Table of Contents (“Table of Contents”); Part 4.10 – Statement of Rates, Non-Conforming Service Agreements (“Section 4.10”); Part 9 – Non-Conforming Agreements with Negotiated Rates (“Section 9”); and Part 9.1 – Portland General Electric Company (“Section 9.1”).

² Office of the Secretary of the Commission, *Implementation Guide for Electronic Filing of Parts 35, 154, 284, 300, and 341 Tariff Filings* (January 23, 2012) (“Implementation Guide for Electronic Tariff Filings”).

³ *Gas Transmission Northwest LLC*, Docket No. RP15-1294-000 (October 23, 2015) (Unpublished Director’s Letter Order).

GTN hereby submits notice that the Carty Lateral Project was placed in service on October 26, 2015, and respectfully requests that the Commission update the tariff records with the September 25 Filing accordingly.⁴
