Statement of the Nature, Reasons, and Basis for Filing

On March 24, 2023, Tuscarora filed the Settlement, which resolved all outstanding issues in root Docket No. RP22-1072-000, and all sub-dockets thereof. On June 26, 2023, the Settlement Judge certified the Settlement to the Commission as an uncontested settlement.⁴ On September 6, 2023, the Commission issued the September Settlement Order approving the Settlement and associated *pro forma* tariff records and directed Tuscarora to file tariff records as needed to implement the Settlement. Article VI.A.2 of the Settlement included Period 2 Settlement Rates, which are to become effective on February 1, 2025.⁵

Tuscarora is submitting the tariff records to place the Period 2 Settlement Rates into effect on February 1, 2025. The Period 2 Settlement Rates submitted herein are identical to those reflected on the *pro forma* tariff records contained in the Settlement.⁶

⁴ *Tuscarora Gas Transmission Company*, Certification of Uncontested Settlement, 183 FERC ¶ 63,034 (2023).

⁵ Settlement, Article VI.A.2.

⁶ The *pro forma* tariff records containing the Period 2 Settlement Rates were included as Appendix B-2 of the Settlement.

Proposed Effective Date and Motion to Place Rates Into Effect

Pursuant to 18 C.F.R. § 154.7(a)(9), Tuscarora hereby requests that the Commission moves to place the proposed tariff records listed above into effect on February 1, 2025.

Request for Waivers

While Tuscarora does not believe it needs a waiver to implement the tariff records, out of an abundance of caution, Tuscarora respectfully request waiver of Section 154.207 of the Commission's regulations to allow for this effective date.

Other Filings Which May Affect This Proceeding

Pursuant to 18 C.F.R. § 154.204(f), Tuscarora states that as of the time of this filing, it has no filings pending before the Commission that may significantly affect the changes proposed herein.
